EXPERIMENTAL SETUP

_experimental_setup We are celebrating two years of
EXPERIMENTAL SETUP!
For this reason we would like to present 20 artworks.

It all started with our exhibition "Die Praxis der
Unmöglichkeit / The Practice of Impossibility" in late
2018. What an emotional, inspiring, sometimes
exhausting and sad, but never boring time we had!
Let's see where we will go from here....

Fondazione
Giovanni Francesco Caroto

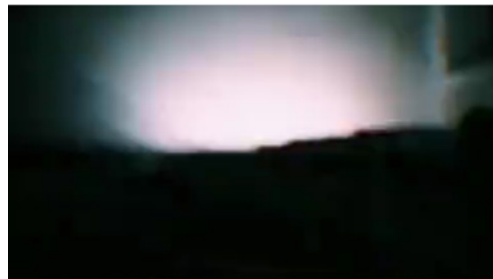

_experimental_setup We are very honoured and overjoyed to finally be a full member of the Fondazione Giovanni Francesco Caroto!

This society, named after G. Caroto (* around 1480, † 1555) and based in Verona, is dedicated, according to its statutes, to "the boundless enjoyment of and passionate devotion to the arts".

We vow to be a dedicated and loyal member!

_experimental_setup We are extremely happy to support this year „Blutfest“ in Seduk/ Tyrol by creating the „Ringelen“ - the three rings will be carried during the night of 24 to 25 of november by a 60 year old woman, a man of same age and a 6 year old child, all of them need to be inhabitants of the town, to the „Acker“ called site, where they will burn them.

This constellation was possible in 1956 the last time!!! Super proud and already very excited to be part of this...

Ein Muthes ist zurück. Der Wolf

9/10

Ein Mythos ist zurück. Der Wolf ist wieder Realität. Doch Mythen haben es nicht leicht im Anthropozän. Gehasst, verleumdet und unverstanden ist der Wolf.

Das Kollektiv EXPERIMENTAL SETUP versucht eine Translation die Angst in Freude, Faszination und Verständnis übersetzt.

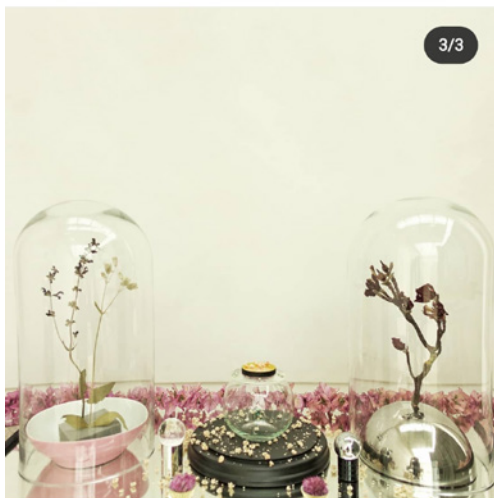

Die Zeit für eine neue Erzählung ist gekommen!
